## KEEP OUT OF REACH OF CHILDREN CAUTION

Avoid contact with skin, eyes or clothing. Do not take internally. If product comes into contact with skin, eyes or clothing, wash thoroughly with soap and water.

### FIRST AID

In case of accidental exposure, flush with water. This product is non-hazardous.

### GENERAL INFORMATION

Got Muck! tabs blend six naturally occurring microbes selected to accelerate the decomposition and digestion of biomass sludge created by ecological imbalances from organic and inorganic sources. Consuming excess nutrients such as nitrates and phosphates, these microbes digest only non-living materials to restore pond aesthetics without affecting the population of any aquaculture. Reducing the need for mechanical dredging or chemical treatment, Got Muck! provides a way to create a healthier environment in ponds without disturbing the natural balance within.
